Beth I remember singing Lisa Loeb hanging over the edge of my bed when we were 15. Laughing and scream singing so loud it hurt. We both loved Reality Bites and you bought me The Green Day album for my birthday. It's been years since we were that young but I'll always remember how kind and compassionate you were. When I ran into you a few years ago, you were sober and we hugged and made plans that never happened. Looking back I'm so glad I hugged you so tightly as I walked away. You'll always be in my heart. -Alicia
