

Johnny Dannul Cordova Sr

October 26, 1967 - July 24, 2020

On July 24, 2020 we lost our hero Johnny Dannul Cordova Sr. to leukemia and Covid-19. On October 26, 1967 Johnny was born to David and Lilly Cordova. Johnny grew up on the west side of Salt Lake City, Utah, he attended West High School and S.L.C.C. later becoming a skilled carpenter. Johnny was proud of his work building SLC landmarks like the Maverick Center project, Delta Center project, and the LDS Conference Center project. Johnny was a very private person; those who were close to him knew how big his heart was. Achieving his goal of a large family Johnny loved to be surrounded by his children and grandchildren. He taught his kids to love and care for his families to put their needs before our own. To live and forget when it came to each other, to take the life skills and love he taught us and teach it to anyone willing to listen.

Johnny is survived by his partner in life Kristen Lopez, his children: Michael and Martha Cordova, Isaac Cordova, Alex and Heather Cordova, Melissa and Adrian Speed, Stephen and Maya Lopez, Daniel Cordova, Johnny Dannul Cordova Jr., his grandchildren: Andres, Gabriel, Hailey, KaLees, Vera, Jacob, MeLinna, Adrian Jr., Suzie, his mother Lilly Cordova, his siblings: Linda (David) Ratz, Evelyn Hernandez aka Cindy Cordova, Dave Cordova, Mark Cordova, Marlene (Alan) Witzel.

Johnny Cordova was the life of the party. Whenever you hear a Beatles song, smile and think of him.

Arrangements are under the direction of Wiscombe Memorial.

“ Almost Every weekend when i was a young kid you could find me at my Grandmas or my Uncle Johnny's house. Me and my cousins were always really close growing up, hanging out at eachothers home's constantly. I have many great memories of those day's, I was always one of the youngest in our crew needless to say my cousins always had my back. Something my Uncle instilled in them was that protective Cordova Trait we all seem to have. I will never Forget those times and how on saturday i would wake up to my Uncle playing The Beatles cleaning the house or cooking breakfast. We shared a love for The Beatles , My Uncle showed me many of their songs for the first time. Him and I had some great conversations about Music, movies, and sports. He always took interest in the things i was doing wether it be sports, music or whatever. Wether it was him taking us to the Movies, Him playing his guitar, and the countless times we all just shared eachothers company as a family. Those will be the memories i Will always remember about my Uncle Johnny. He was defintely a family man over all and a chill great person to be around. Over the course of the last few days i been thinking a lot about him and the memories we had together. With his passing i came to realize how great those times were and how carefree they were. He was a part of my growth as a man and for that i can never thank you enough Uncle Johnny.
