November 11, 1965 - November 3, 2019

Roger Allen Simpkins, of Salt Lake City, Utah passed away on November 3, 2019. Roger was born to Joseph & Georgia Simpkins on November 11, 1965.

Roger is survived by his daughters, Ashley Simpkins (Brian), Sarah Syddall (Kasey), Kirsten(meg) Simpkins, also his brother Ken Kruizinga.

Roger was a very smart and tech savvy man, he loved music mostly old rock, camping & being outdoors and of course playing on computers for hours on end. He loved his daughters with all of his heart. Unfortunately, he didn't have much time to spend with them due to living an unstable life. He had a rough childhood, which led to his struggles as an adult, causing him to leave this earth too soon. However, he had an incredible sense of humor. Roger made his loved ones feel special and always tried to put a smile on everyone's faces with his jokes.

Memorial services will be announced soon with the family.

“ Roger was my best friend and the love of my life. I loved him more than words could express. He was my everything. I struggle to get through each day without him. I miss him so bad. I wish I could have him back. I wish I could have saved him.

“ Rodger was my best friend in Jr. High school. We lost touch after I moved to Pennsylvania in 10th grade. We reconnected about 9 years ago. You will be missed my friend. Jim Schumacher

“ Roger was a loyal high school friend when I didn't have many friends. His struggles in his adult life were too deep for anyone to be able to reach and help him. May he be rejoicing in a reunion with his mom in heaven I believe that to be a place where we are free of both emotional and physical pain. Roger meant no one any harm.

“ Roger really was a computer genius, when he came to stay with me, he not only saved me what little normalcy that was left in my life but he built me an entire computer out of parts he's always had stored away here and there. I saw it as just a really nice gesture. It took me quite a while to notice, but I will never forget the look of pure amusement when I discovered he had given my computer a name. He name my computer after me, "Ditz"  
I got my revenge tho, with all the endless hours he spent trying to clear all the viruses my kids and I continuously gave it.  
"VALERIE! .....Stop freaken clicking!" He'd not so quietly remind me. 🙄

I miss talking to him. He gave great advice. He was such a good dad. He even tried to teach kirsten (meg) how to play the drums to metallic
